

Supporting a Lifetime of Science

2018 LPA Strategic Plan

Mission Statement

The mission of the Laboratory Products Association is to enable its members to consistently improve their global and commercial success by providing them with unique opportunities in networking, market information, education, and government legislative/regulatory advocacy.

Vision Statement

The LPA will be the leading association in North America representing manufacturers, distributors, and other related companies in the laboratory products industry providing its members with a global perspective for success.

I. Membership Development

Goal

The LPA will proactively seek potential members encouraging them to join and become active members of the association while maintaining a high level of member retention.

Objectives (2018-2020):

1. Continue to identify potential members through various sources;
2. Maintain a membership net growth rate of at least 2%;
3. Maintain a membership retention rate of 95% (excluding mergers/acquisitions);
4. Maintain and update Membership Marketing Plan outlining strategies for growth and retention to include orientation of new members and survey new members to get feedback on their membership experience and why they joined. Clearly articulate the mission and value proposition to members and potential members; and
5. Collaborate with other associations, both domestic and international, as a means of further developing membership and providing value.

II. Membership Value – Market Information

Goal

The LPA will continually enhance current programs and develop new exclusive [proprietary] market information that will inform and educate members on global sales, supply chain issues, emerging industry trends, and emerging scientific technologies.

Objectives (2018-2020):

1. Continue to produce current market reports/publications while exploring ways to increase their value through refined or added content;

2. Work with Frost & Sullivan to further enhance the value of the *Annual Forecast & Analysis of the Lab Products Market*;
3. Produce a new market report based on member feedback.
4. Produce a compensation/benefits survey every three years;
5. Maintain the current baseline of 33 participants for the monthly Flash Report and incorporate historical tracking data;
6. Continue to explore ways to develop more *niche statistical and market information including possible* collaboration with other organizations such as Spectaris and GAMBICA.

III. Membership Value - Networking & Education

Goal

The LPA will provide its members with cutting edge, high-quality executive and mid-level management education and provide environments for networking and collaboration amongst members.

Objectives (2018-2020):

1. Continue to sponsor two major meetings per year with the Annual Meeting focused towards senior executives and the Spring Meeting towards senior and mid-level management;
2. Secure nationally recognized presenters and industry experts to address timely and pertinent topics including the economy, globalization, distribution issues, etc.;
3. Sponsor at least one in-person Sales and Marketing workshop and one webinar per year;
4. Increase the percentage of member companies attending the Annual Meeting to 75% and the Spring Meeting to 36%.

IV. Membership Value – Government Affairs

Goal

The LPA will provide its members with pertinent information on legislative issues that may impact their business and engage in grass roots efforts if needed, to protect the interest of its members.

Objectives (2018-2020)

1. Publish information on pertinent legislative and regulatory happenings as well government agency information on a regular basis via government affairs updates and on the LPA website;
2. Utilize the services of the government affairs consulting firm to proactively provide legislative and regulatory advocacy and ensure the voices of LPA members are heard;
3. Working with the consulting firm, conduct the Capitol Hill Day (fly-in) event for members every two years and;
4. Continue to proactively identify pertinent legislative and regulatory concerns within the membership that could have a positive or negative effect on the laboratory market.

V. Image and Identity

Goal

The LPA will proactively increase awareness of the association and its members to those within the industry and other constituencies.

Objectives (2018-2020):

1. Continue to hold functions in conjunction with trade shows such as Pittcon, SLAS, and others as a means of raising awareness of the association and its members while also serving as a tool for membership recruitment;
2. Maintain alliances with industry trade publications as a means of promoting the association and increasing membership;
3. Continue to regularly disseminate press releases on LPA events and activities to members, prospects, and the trade press and;
4. Provide meeting rooms at international shows such as Analytica, Achema, and others.

VI. Governance and Management

Goals

The LPA will operate a fluid, responsive organization, representative of member needs and driven by the active involvement of its leaders, members, and staff.

Objectives (2018-2020):

1. Increase member participation on committees;
2. Continue to encourage committees to meet or hold conference calls at least quarterly to assess their activities and provide ongoing strategic input;
3. Further position the LPA website to be an effective tool and resource for members, prospects, end-users, and others and;
4. Conduct periodic surveys to get feedback and input from members regarding their needs and use that feedback to enhance the value proposition.

VII. Resources

Goal

The LPA will develop and maintain sufficient financial, staff, and membership resources to accomplish the strategic goals and objectives.

Objectives (2018-2020):

1. Assure that the LPA office has adequate resources to meet the objectives set forth in this plan.
