

National Association of Manufacturers

June 2, 2020

Without a doubt, it has been another difficult 24 hours in our nation. Yesterday, I shared with you the NAM's statement on the recent events; this morning, Input included other manufacturing leaders' statements, perspectives and commitments to action. You can read those [here](#). While we continue to pray for peace and healing, we remain focused also on providing you the resources to continue navigating the COVID-19 pandemic and the resulting economic challenges.

Webinar on Employment Discrimination Laws and COVID-19

Tomorrow at 11:00 a.m. EDT the NAM will host a presentation with the Equal Employment Opportunity Commission's Legal Counsel on what manufacturers need to know about discrimination laws during the COVID-19 pandemic. You can click [here](#) to register.

Webinar on Cyber Risks for Manufacturers in the Age of COVID-19

I also want to remind you that tomorrow at 2:00 p.m. EDT the NAM and our partners at eSentire and Coalition will be hosting a webinar to discuss challenges and best practices for remote work, cloud-based management, distributed workloads and handling new and emerging cyber threats—including new security vulnerabilities created by remote work and shifting work patterns. We will be joined by Jacob Helberg, senior advisor at the Stanford University Cyber Policy Center. Register to reserve your spot for this discussion [here](#).

Webinar on SBA Tools for Exporters and Their Suppliers

On Tuesday, June 9, at 1:00 p.m. EDT, the NAM will host the Small Business Administration's Office of International Trade for a webinar focused on their tools to support the needs of small business exporters and larger exporters with small business suppliers. The program will cover the debt relief component of the CARES Act and the corresponding benefits it affords to SBA export finance products and State Trade Expansion Program (STEP) grants, among other things. To register for the webinar, click [here](#). To be connected to an SBA export finance manager, click [here](#).

Please keep visiting the regularly updated [nam.org/coronavirus](#) site for the latest information, including operational guidance, our policy plans and resources and an [updated breakdown of state and local orders](#).

If your company is looking for ways to contribute to COVID-19 relief efforts, you can connect with NAM partner [Good360](#). They help companies do good by distributing highly needed product donations to people facing challenging life circumstances—all through their global network of vetted nonprofit partners. Please reference the NAM as your source of referral so we can track the many positive contributions of our members.

Best,

Jay

President and CEO
