Membership Criteria

1. Regular membership is open to suppliers of products or services used in research and applied science, and life science worldwide. Company must have been in business for a minimum of two years and have annual sales of over 1 million dollars (US).
2. Start-ups membership is open to start-up companies that are developing or commercializing novel products or services within the life science equipment and consumables sector, with a demonstrated focus on innovation and scalability. Company must have been in business less than two years and have annual sales under 1 million dollars (US).
3. Associate
 - a. Electronic Commerce Provider: membership is open to companies that provide services and/or software used in e-commerce within the scope of the membership.
 - b. Optional Supplemental Branding: If you wish to list affiliates, sub-companies, or sub-brands of your company in our online membership & product directory, printed market materials, annual report, etc., please list those companies here and add \$995 per additional listing.

Membership Dues Schedule

Regular member association dues are calculated on **100% of sales in North America plus 65% of rest of world sales** for the most recently completed fiscal year. Calculations are to include the relevant sales volume of all products and services used primarily in research and scientific laboratories. Associate member dues are not based on sales.

Instructions: Circle the appropriate category of your sales for your most recently completed business year and remit payment in that amount to the LPA. Sales reported are **confidential** and are used only for the purpose of determining dues.
